Dear Kevin,

Thank you so much for the beneficial service that you provided to our employees on June 18, 2007. The carotid artery screening was very popular and we received positive comments from employees that attended the complimentary educational workshop on vascular disease. In addition, many of our employees are looking forward to the Abdominal Aortic Aneurysm screening being offered in September. We feel that by offering health screenings as part of our ongoing employee wellness initiative, we can help to enhance our healthy working environment here at Dickinson College.

We found your staff to be very professional and efficient, and I wish much success to Prevention Health Screenings. I look forward to working with you in the future as a valuable service provider.

Sincerely,

Steve Riccio
